## **Murshid SAM Biography** **By Wali Ali Meyer**

### ***From Murshid Wali Ali.....***

This picture was taken in 1968. It shows Murshid Samuel Lewis face to face with me at a commune in the Haight Ashbury across from the Panhandle that was filled with his students. Before leading Dances in the park on that day, Murshid Sam brought each one of us up and became a mirror of what he saw in our soul.

Over the years, we have gathered hundreds of memories of how he worked with his students, and in other relationships, which woven together form an amazing mosaic of the wisdom of a spiritual Master.

We need a biography of Samuel L. Lewis. It should trace his whole story from beginning to end and allow us to understand and empathize with the human side of a most extraordinary man. I see such a book becoming a doorway for readers to experience how enlightenment and enlightened world service is possible for a human being born into extremely difficult and challenging conditions.

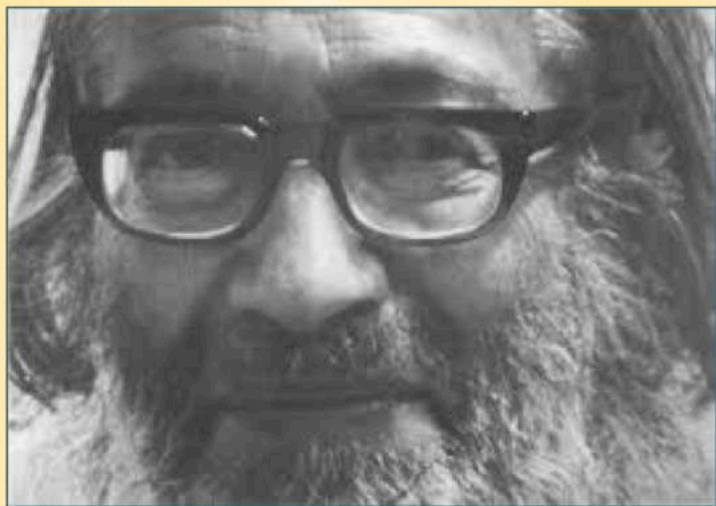

The Sufi Ruhaniat has commissioned the biography to be done and has approved a budget. Their support is also offered in a wide variety of ways, including a massive online searchable archive. I have a great team of fellow researchers. We are making new discoveries, filling in the blanks in Murshid Sam's life, and very much feeling the ongoing blessing of his enduring presence within our process. There is a great deal of work before we can place a book in your hands. We are estimating three years, and we ask for your prayers for success.

I wholeheartedly invite you to generously donate to the funding of the Murshid SAM Biography Project. Any size donation is appreciated, and if it is \$200 or more we will send you, as a gift, a personally signed book when the first hardcover edition comes out. Thank you for your inner and outer support.

Love and Blessings,  
Wali Ali Meyer

### ***From Tawwaba Samia Bloch...***

Working on this biography project is a deeply absorbing process. Early on, when he accepted the task, Wali Ali had an inner sign to invite dedicated mureeds to join in the research. This guidance included the awareness of creating an opportunity for the participants to experience Fana-fi-Pir through an inner connection. It has been a remarkable opening for each researcher in his/her own way. Each of us develops a focus on a certain aspect of Murshid's life. This book can now be written with a depth not previously accessible, through the advances of searchable archives. These include the Ruhaniat materials, as well a wealth of genealogical resources and contemporaneous newspapers. There is a developing sense of the texture and the fragrance of his life. We have a window into his family lineage that opens a doorway into understanding his conditioning and how he worked through his karma and his dharma in his life. I am on fire with the prospect of Murshid SAM being available to us in all dimensions of his true humanity. Inshallah, your support of the project will be rewarded with the fruits of our work.
